Shenzhen sante with 16 years experience , our Cultural has always been concerned about the development trend of green environmental protection, we believe that sustainable development is the future direction. Therefore, in the process of product development and production.we always pursue the concept of environmental protection. Our products comply with national and international environmental standards, providing customers with healthy and environmentally friendly choice.

- **Our Vision**

To become a globally trusted provider of custom packaging solutions.

- **Our Mission**

To empower brands worldwide with reliable, innovative, and sustainable packaging solutions that enhance product value and customer experience.

- **Our Value**

We center everything around customer needs with fast response, proactive service, and results that exceed expectations.

Our Development History

Our headquarters is located in Shenzhen, and our products are supplied worldwide, serving a wide range of businesses with professional and reliable solutions.

Shenzhen Sante Packaging was established and began operations in Guanlan, Shenzhen.

In 2010

Our subsidiary, Shenzhen Sanfeng Packaging, was established, diversifying our product portfolio with zipper bags, bubble mailers, and courier bags.

In 2013

In 2016

The company established Huizhou Sante in its new Zhongkai District facility, focusing on stretch film and bubble bag production.

In 2017

In 2018

In 2020

We expanded and relocated to Rongchang Industrial Park in Longhua District, Shenzhen, increasing our production area to 6,000 square meters.

The company expanded again, relocating to a 20,000 square meters facility in Huanyu Industrial Park, Guanlan, and establishing a CPE cast film production line.

The company began its acquisition strategy by acquiring Zhongshan Kaishun Daily Products, a manufacturer specializing in cling film and various household and supermarket bags.
